IRIS

Cashmere

(1959)

\$30.00

NET

No. 55-36 — Native Dancer X May Hall

Strong reddish purple, Nickerson Color Chart. In a color class where it has almost no competition, Cashmere is an extra large full petaled rose red self with a very full beard done in the brightest color of pure red. The form of this Iris is near perfection. Ruffled flaring falls, and very full petaled ruffled standards firmly held together at the top. The strong 37" stem and branching are ideal. The large winter hardy plant has exceptional vigor. Has pollen and sets seed.

Northbrook

(1959)

\$25.00

NET

No. 57-88 — Galilee X Sib No. 52-8

This light blue ruffled flower, with great substance and tranquil form, has enough green in its blue color to make it very near robin's egg blue. The beard is white; flowers do not fade. Mid-season. Good vigorous plant; sets seed; no pollen; well-branched 38" bloom stem.

Spring Valley

(1959)

\$25.00

NET

No. 56-22 — Bluebird Blue X Celestial Blue

A half sister to Galilee; also a half sister to Celestial Snow. Spring Valley is a large light blue self with a white beard, and a white band across the upper one-third of the falls. The flaring falls are much ruffled with very clean wide petals. The standards are ruffled, full petaled and tightly held; 34" tall with a well-branched stalk. Completely winter hardy. Mid-season. Has pollen and sets seed.

Waxing Moon

(1957)

\$12.00

No. 53-44 — Yellow from Pink Breeding

Round and full petaled, very clear medium light yellow self with a beard to match; no haft marks. The color is so clear that this flower radiates a yellow inner light. 35" tall, well branched. H. C. 1954; H. M. 1957.

Irish Linen (1958) \$17.50

No. 51-60 — Cliffs of Dover X Sib

Large lemon bearded white of great refinement and beautiful form. Medium flaring, nicely ruffled flowers are very well spaced on 38" stems. The falls never pinch and the standards stay closed. Like its mother, Cliffs of Dover, Irish Linen feels at home wherever tall bearded Iris can be grown. Fast increaser. Fertile both ways. Mid-season. H. C. 1953. H. M. 1958.

Chinese Lantern (1957) \$12.00

No. 53-114 — Mary Randall X Techny Chimes

Tall, large deep yellow self with a tangerine beard. This is the brightest beard I have seen on a yellow Iris. 42" tall, well-branched bloom stem; large and vigorous plant. H. M. 1958.

Big Game (1954) \$6.00

No. 50-06 — 48-61 X 48-43

No. 48-61 is Snow Flurry X Chivalry

No. 48-43 is 44-44-Blue Seedling X Chivalry

A self of the deepest shade of violet (R. H. S. Color Chart). The very straight 38" bloom stem, which usually has three huge flowers open at one time, has never required staking. H. M. 1954; 100 Best 1958; A. M. 1958.

Mary Randall (1951) \$5.00

No. T48-3 — Dykes Medal 1954

A very nice rose pink flower with tangerine beard. Flowers are well spaced on a strong nicely-branched 36" stalk. Plants are large and vigorous with good foliage. Mid-season. H. C. 1950; H. M. 1951; A. M. 1953; 100 Best 1958.

Bluebird Blue (1953) \$2.00

No. 49-28 — Helen McGregor X Cahokia

Large, full, round and tailored flowers of the clearest shade of medium blue. Does not fade. Beard white tipped lemon. Well-branched 36" bloom stem. H. C. 1950; H. M. 1954; A. M. British Iris Society 1958.

Fleeta

(1956)

\$15.00

No. 53-70 — 51-29 X T51-60

Medium light pink self with pinkish red beard, from a Mary Randall seedling which was $\frac{1}{8}$ Pallida. This breeding gives Fleeta thickness of petal, and a large completely hardy plant with blue-green foliage. The large flowers are nicely ruffled and carried on a well-branched strong 37" stalk. The falls flare nicely. Has pollen; sets seed easily. H. C. 1954; H. M. 1956; A. M. 1958.

Lipstick

(1957)

\$15.00

No. 53-54

$\frac{1}{4}$ New Snow - $\frac{1}{4}$ Snow Flurry - $\frac{1}{2}$ Pink

This nicely formed snow white flower with a tangerine beard was bred to a plan started in 1945 to produce a white Iris with a red beard. The first crosses were Snow Flurry X Pink Cameo, and New Snow X Cherie. During the next eight years much size and some vitality was lost because so few of the seedlings could be used — 1 in 16 in the second generation. Lipstick breeds true when crossed with two of its sister seedlings. 32" tall; good branching; good substance. H. M. 1957.

Cliffs of Dover

(1953)

\$2.50

No. 49-17 — New Snow X Cahokia

Large, flaring and ruffled clear white flowers of great substance, borne on 36" sturdy bloom stems. There are no haft markings and the beard is light yellow. A good grower and fast increaser. H.C. 1952; H.M. 1953; A.M. 1955; 100 Best 1958.

Black Hills

(1951)

\$2.00

No. 49-21 — 47-21 X Black Forest

A blue black Iris as tall and as large as the best Irises in other color classes. This full petaled, nicely proportioned, flaring and stylish blue black flower with a beard to match and no haft markings, is borne on a well-branched stalk 48" tall; 12 flowers on a main bloom stem. H. C. 1950; H. M. 1952; A. M. 1954; 100 Best 1958.

Galilee (1956) \$20.00

No. 53-86 — Butterfly Blue X Bluebird Blue

Medium blue self with a white beard. Galilee is a beautiful turquoise blue Iris which does not fade. The flowers are large, round and full petaled with no haft marks, and are carried on a low-branched strong straight stem 34" tall. It sets seed well, has pollen. Very strong plant with blue-green leaves. H. C. 1955; H. M. 1956; A. M. 1958; 100 Best 1958.

Total Eclipse (1956) \$10.00

No. 53-91 — Black Hills crossed back
to its Pod Parent

A very large and tall blue-black Iris with a beard which is almost black, tipped in light blue. A large and vigorous plant. The 45" stem is strong and straight with four branches and terminal, producing 10 or 11 flowers on a main bloom stem. The flowers have very good form, with closed standards, flaring falls, no haft marks and very good substance. Fertile both ways. H. C. 1954; H. M. 1956.

Native Dancer (1954) \$5.00

No. 51-32 — 48-41 X Mary Randall

This peach pink flower with tangerine beard is carried on a strong well-branched 38" stem. A main bloom stem produces 12 flowers. The flowers are large, of good substance, wide clean haft, semi-flaring falls, and closed standards. H. M. 1955; A. M. 1957; 100 Best 1958.

Truly Yours (1949) \$2.50

No. 46-35 — 44-43 X Zantha
Dykes Medal 1953

A truly new flower and combination of color in the Iris world. The buds are bright yellow because the under side of the open fall is yellow and the top side is faced with white. The heart of the flower is bright yellow, which shades off to almost white at the bottom of the falls and the top of the standards. The haft is very wide with gold threads radiating from the yellow beard. It blooms very late in the season; is winter hardy; 38" tall. H. C. 1949; A. M. 1951; 100 Best 1958.

HEMEROCALLIS

True Charm \$5.00

(1955)

No. 52-22 — No. 50-01 X Evelyn Claar

No. 50-01 is Kraus Red X Evelyn Claar

This is a very large melon colored flower. The flower is a self with no throat marking and no halo or eye. The petals are medium wide and very thick, opening to a 7-inch flower of much grace and charm. 40 inches tall; fertile both ways; deciduous.

Perky \$3.50

(1956)

No. T49-14 — North Star X Joanna Hutchins

Perky is a large 6½-inch yellow flower which opens wide and has one petal longer than the other two petals. The plant is small with narrow leaves. The slender wiry 33-inch scape carries the flowers just above the foliage so the scape is hardly noticed. Flowers open early in the morning and stay out until dark; does not fade. Dormant, winter hardy, good grower and increaser.

Lark Song \$2.00

(Fay 1952)

Vespers X Joanna Hutchins

Wide petaled, medium large, bright canary yellow self, carried on strong straight scapes 38 inches tall. A day bloomer which stays in bloom until dark. Deciduous and completely winter hardy. Fade proof.

HEMEROCALLIS

Night Hawk \$5.00

No. 52-40 — Vespers X No. T49-14

No. T49-14 is North Star X Joanna Hutchins

A very large, wide petaled ivory yellow self of ivory texture. The flower is wide open, with reflexed and curled petals and sepals. It is an evening bloomer which stays open all night, and all the next day. Does not fade until the new flower opens in the evening. The flowers are carried on strong straight scapes 38 inches tall. Good plant; semi-evergreen; fertile both ways.

Signal Light \$5.00

(1955)

No. 49-8 — From Two Kraus Red Seedlings

A large, wide petaled flower of bright red, with a small yellow throat. The petals are overlapping and ruffled. The wide open flowers are carried on a 37-inch scape. Nice plant with blue green foliage. Semi-evergreen. Fertile both ways.

Evelyn Claar \$2.00

(Dr. E. J. Kraus)

One of the best of the new pink Hems. A good parent both ways.
